"APPENDIX Z"

CERTIFIED MUNICIPAL, TOWNSHIP, AND COUNTY BUILDING DEPARTMENTS

This appendix of the Ohio Building Code (OBC) is not adopted material by the Board of Building Standards and is not a part of the code, but is provided as a reference for users of OBC.

Pursuant to sections 3781.10(A) and (E) of the Revised Code, the following municipal, township, and county building departments have been certified by the Board of Building Standards to accept and approve plans and make inspections in accordance with the provisions of the OBC, a unit of the Ohio Administrative Code, with the exceptions herein listed. Such certification to remain in effect until revoked or suspended as provided by section 3781.10(E) of the Revised Code.

Certified building departments are authorized to inspect industrialized one-, two-, and three-family dwelling units at the site in accordance with the authorization issued by the Board unless otherwise noted in the listings below. Pursuant to section 3791.04, R.C., site preparation plans or plot plans are not required to be submitted to the Department of Commerce, Division of Industrial Compliance, for industrialized one-, two-, and three-family dwelling units. Installation of industrialized one-, two-, and three-family dwelling units are no longer regulated by the Division of Industrial Compliance.

Certification applies to all use groups of OBC unless otherwise noted and does not apply to one-, two-, and three-family dwellings which are not constructed as industrialized units except where the context of OBC specifies mandatory applicability, i.e., energy.

In the absence of a certified municipal, township, or county building department, or where certification does not include a use group under consideration, approval shall be obtained from the DEPARTMENT OF COMMERCE, DIVISION OF INDUSTRIAL COMPLIANCE, 6606 Tussing Road, P.O. Box 4009, Reynoldsburg, Ohio 43068-9009, (614) 644-2622, before beginning construction, in accordance with section 3791.04 of the Revised Code.

Plumbing inspections are conducted by the certified building department unless as shown otherwise, thus: the letter "P" has been used for the words "Plumbing inspections conducted by --."

In noncertified areas, the OHIO DEPARTMENT OF COMMERCE, DIVISION OF INDUSTRIAL COMPLIANCE, PLUMBING SECTION, 6606 Tussing Road, P.O. Box 4009, Reynoldsburg, Ohio 43068-9009, (614) 752-1383, should be contacted to determine the enforcement agency, as some general and city health districts conduct plumbing inspections in areas which do not have a certified building department.
