ID#

1. TYPE OF LICENSE APPLYING FOR: [] Low Pressure Boiler Operator [] High Pressure Boiler Operator
[] Stationary Steam Engineer

2. APPLICANT INFORMATION: (LAST NAME FIRST)

Name: _____ Home Phone: _____
Address: _____ Work Phone: _____
City/State: _____ Date of Birth: _____
Zip/County: _____

3. EXPERIENCE/TRAINING:

Low Pressure Boiler Operator

- a. _____ hours of operating experience associated in direct care, custody and control of the fuel, combustion air, water level, steam pressure, system load, and supporting equipment of a steam boiler not exceeding fifteen pounds per square inch.
b. _____ hours of operating experience associated in direct care, custody and control of the fuel, combustion air, water level, steam pressure, system load, and supporting equipment of a steam boiler not exceeding fifteen pounds per square inch and the successful completion of a fifty hour low pressure steam boiler operation course approved by the superintendent.

High Pressure Boiler Operator/Stationary Steam Engineer

- c. _____ hours of operating experience associated in direct care, custody and control of the fuel, combustion air, water level, steam pressure, system load, and supporting equipment of a steam boiler exceeding fifteen pounds per square inch.
d. _____ hours of operating experience associated in direct care, custody and control of the fuel, combustion air, water level, steam pressure, system load, and supporting equipment of a steam boiler exceeding fifteen pounds per square inch and the successful completion of a seventy-five hour high pressure steam boiler operation course approved by the superintendent.
e. Current possession of a low-pressure boiler operator license with an additional _____ hours of operating experience associated in direct care, custody and control of the fuel, combustion air, water level, steam pressure, system load, and supporting equipment of a steam boiler exceeding fifteen pounds per square inch and the successful completion of a seventy-five hour high pressure steam boiler operation course approved by the superintendent.
f. _____ hours of operating experience associated in direct care, custody and control of the system load, turbine speed, lubrication, temperatures and vibrations of a steam turbine exceeding thirty horsepower.
g. _____ hours of operating experience associated in direct care, custody and control of the system load, turbine speed, lubrication, temperatures and vibrations of a steam turbine exceeding thirty horsepower and the successful completion of a one hundred twenty-five hour high pressure steam boiler and steam turbine operation course approved by the superintendent.

h. _____ hours of operating experience associated in direct care, custody and control of the fuel, combustion air, water level, steam pressure, system load, and supporting equipment of a steam boiler exceeding fifteen pounds per square inch and the successful completion of a one hundred twenty-five hour high pressure steam turbine operation course approved by the superintendent.

i. Current possession of a high-pressure boiler operator license with an additional _____ hours of operating experience associated in direct care, custody and control of the system load, turbine speed, lubrication, temperatures and vibrations of a steam turbine exceeding thirty horsepower and the successful completion of a one hundred twenty-five hour high pressure steam boiler and steam turbine operation course approved by the superintendent.

j. _____ hours of operating experience associated with in direct care, custody and control of the system load, turbine speed, lubrication, temperatures and vibrations of a steam turbine in excess of one hundred horsepower.

k. _____ hours of operating experience associated in direct care, custody and control of the system load, turbine speed, lubrication, temperatures and vibration of a steam turbine for electrical generation.

l. Date of Completed Ohio Approved Training: _____ (Attach Copy of Certification)

m. DD-214: _____ (Attach Notarized Copy)

4. BOILER EXPERIENCE:

Experience obtained on Boiler State ID#: _____

Boiler Heating Surface: _____

Lb/hr Steam Production: _____

Total Safety Valve Capacity: _____

Boiler Location Name: _____

Address: _____

City/State: _____

Location Phone: _____

Indicate Exact Nature of Experience:

5. TURBINE EXPERIENCE:

Experience obtained on a Turbine with a horsepower rating of: _____ Pressure: _____

Over Speed Trip: _____

Unit Driven: _____

Turbine Location Name: _____

Address: _____

City/State: _____

Location Phone: _____

Indicate Exact Nature of Experience:

6. EXPERIENCE VERIFICATION:

I _____, under my oath/affirmation hereby certify that this applicant gained the required experience mandated by Section 4104.19 of the Ohio Revised Code, and has had the education, active participation, direct observation and/or practical engagement in the direct care, custody and control of said boiler(s) or turbine(s) as listed on this application.

Signature: _____ Operator License Number: _____
