In accordance with the applicable rules regarding training and equipment grants [Ohio Administrative Code (OAC) Section 1301:7-7-01(T), Ohio Fire Code (OFC) 120, as applied to this program], the following procedures will be followed by the Ohio Department of Commerce, Division of State Fire Marshal (SFM) for the awards of the state fiscal year (SFY) 2016 (July 1, 2016 through June 30, 2017) Training Reimbursement Grants.

Training Reimbursement Grant Scoring Criteria:

Based on the scoring system outlined below established by the State Fire Marshal, each eligible recipient will accumulate points based on specific information contained in their grant application. Applicants with the highest scores that meet eligibility requirements will be awarded grants based upon the availability of funds. In the event of a score tie, the available funds will be awarded according to the following priorities:

1. Eligible Recipient with the lowest operating budget.
2. Eligible Recipient with the largest protection area.
3. Eligible Recipient with the largest population.

The scoring system generated for this grant cycle includes consideration of the following:

1. Resident Population Protected: An increasing number of points are awarded for the total resident population protected up to 25,000 residents. Applicants which serve populations 25,000 or over will not be considered.
2. Fire Protection Area Size: An increasing number of points are awarded based on the square mile protection area for which the fire department provides **primary fire protection**. There is no limit to square mile protection area.
3. Operating Budget: The total operating budget for the 2016 calendar year is included in determining points awarded. There is no minimum or maximum budget requirement however smaller budgets generally receive more points.
4. Number of fire incidents/calls/responses requiring a NFIRS report: During the applicable calendar year, an increasing number of points are awarded for a higher number of structure, vehicle and wildland fire incidents/calls/responses requiring a NFIRS report responded to in the **primary fire protection area**. This number must be consistent with submitted NFIRS reports.
